Certificate Program

The Center for Spiritual Development and Loyola Marymount University LA, offer a joint Certificate in the Art of Spiritual Direction. This certificate program leads toward continuing education credit hours (c.e.u.) of specialized or upper-level ministry studies. Successful completion of the three-year program results in the reception of the professional ministry credential called the Certificate in the Art of Spiritual Direction from LMU/LA and the Center for Spiritual Development. Students who complete the course are eligible to receive 6 credits towards a Masters Degree in Pastoral Studies with an emphasis in Spiritual Direction upon acceptance into LMU's degree program.

Purpose of the Program

To provide a holistic program which integrates theology, Scripture, psychology, spirituality, skills development and supervision in the art of spiritual direction, for individuals who discern in themselves a call to the ministry of spiritual direction.

Program Philosophy is based on:

- The spirituality of St. Ignatius - that of 'finding God in all things'
- Discernment: understanding religious experience in terms of the total human experience, and recognizing the movements of the Spirit within
- An incarnational reality of God's desire to be in relationship with the human person and that person's faith response to the God present in daily life

Who May Apply:

Men and women of all cultures and faith traditions in whom there is a recognizable call to the ministry of spiritual direction and who seek formal preparation. These people are aware of the sense of others "seeking them out" for deeper conversations and advice about the spiritual life, and desire a formation course which will companion them in this preparation.

Pre-Requisites

- Be in on-going and continued spiritual direction for at least two years
- Be in a faith community
- Be committed to a life of prayer and discernment
- Minimum age: 35

Course Information

All classes are held at the Center for Spiritual Development on 10 Saturdays each year - September - June. Sessions feature content, guided reflection questions, small group conversations, reading and journaling. Years 2 and 3 of the Program include practicum sessions in mentoring groups. Adherence to the policies outlined in the Student Handbook is essential. Assessment is based on reading and related assignments to be submitted, practicum under the supervision of experienced directors, and individual supervision.
